

H2020-ICT-2016-2017

ICT-29-2016: Photonics KET 2016

Grant agreement no.: 731778

WaterSpy

**High sensitivity, portable photonic device
for pervasive water quality analysis**

Start date of Project: 01/11/2016

Duration: 36 months

Accompanying Report for the Deliverable: **D8.11** Project Website

Due date of deliverable: 31/12/2016

Actual submission date: 27/01/2017

Responsible WP: WP8, Responsible Partner NTUA

Revision: v2.0

Dissemination level		
PU	Public	X
CO	Confidential, only for members of the consortium (including the Commission Services)	
CI	Classified, information as referred to in Commission Decision 2001/844/EC	

Executive Summary

One of the first activities, within the framework of the project, has been the development of the project website and the registration of the domain www.waterspy.eu. The website was registered on November 2016 by CyRIC and content is continuously uploaded by NTUA. More information will be added to the website as the project progresses.

In total six Main Sections-Tabs are present: Home, Project, Consortium, Media, Downloads, Contact us. Links for the social media pages are also provided. Under “Home” page, basic information about the project is provided, including also a calendar with activities and recent posts. The “Project” Section contains the project concept, impact description, methodology and the main project objectives. The “Consortium” Section contains information about the WaterSpy project partners. Each of the partners’ logo has a link that redirects the visitor to their webpage. The “Media” main menu will be updated with the latest project news, press releases, events, photos and videos. In the “Downloads” section, public project deliverables will be posted, as well as other project related material. Finally, the “Contact Us” section provides a form for communicating with the consortium.
