Executive Summary

As required by the call, WaterSpy will issue press releases at project launch and then on months 19, 30 and 36 (project end). In this document, we include the initial press release, prepared for the project launch. The press release has been prepared by CyRIC and was sent to the local press in Cyprus. It has also been shared with all consortium partners, in order to be distributed to the press in the participating countries.

The partners will keep track of all publications that will be made about the project, based on this press release. All project dissemination and communication activities will be summarised in the appropriate deliverable (D8.6), at the end of the project.
