### **Executive Summary**

This report is the accompanying report for the WaterSpy project deliverable D8.14, which is the third version of the dissemination kit. This version of the kit includes also the initial elements from the second version of the dissemination kit, which in some cases have been updated (e.g. website, narrative, etc.).

All these are delivered with copyright licenses for the European Commission and for Photonics21 PPP.

In this report, we also include the social media pages that the project will use, as well as an introduction to the project website, which is described in more detail in the appropriate deliverable (D8.11). After M10, we have collected suggestions from all partners and we redesigned the WaterSpy website. Photos and figures are also provided (chapter 9) for use in WaterSpy-related dissemination activities.
