

H2020-ICT-2016-2017

ICT-29-2016: Photonics KET 2016

Grant agreement no.: 731778

WaterSpy

**High sensitivity, portable photonic device
for pervasive water quality analysis**

Start date of Project: 01/11/2016

Duration: 40 months

Accompanying Report for the Deliverable: D8.18

Dissemination and Communication Kit v7.0

Due date of deliverable: 29/02/2020

Actual submission date: .../03/2020

Responsible WP: WP8, Responsible Partner NTUA

Revision: v1.0

Dissemination level		
PU	Public	X
CO	Confidential, only for members of the consortium (including the Commission Services)	
CI	Classified, information as referred to in Commission Decision 2001/844/EC

Executive Summary

This report is the accompanying report for the WaterSpy project deliverable D8.18, which is the seventh version of the dissemination kit. This version of the kit includes also the initial elements from the third version of the dissemination kit, which in some cases have been updated (e.g. website, narrative, etc.).

All these are delivered with copyright licenses for the European Commission and for Photonics21 PPP.

In this report, we also include the social media pages that the project will use, as well as an introduction to the project website, which is described in more detail in the appropriate deliverable (D8.11). After M10, we have collected suggestions from all partners and we redesigned the WaterSpy website. Photos and figures are also provided (chapter 9) for use in WaterSpy-related dissemination activities. The **main changes from the previous version** (D8.17) could be summarized as follows:

- In Section 2 and Section 4, the screenshots from the Social Media and the website are updated, following the progress of the project.
- Section 2.5, presenting the YouTube channel, is updated presenting screenshot from the third video of the WaterSpy project.
- A new section is added to present the Zenodo platform, a dissemination channel added during the final stages of WaterSpy project.
- In Sections 5, 7 and 8 the new version of the Narrative, Leaflet and Newsletter respectively are added.
- In Section 12, a number of photos is added, depicting the participation of the partners in several dissemination events.
